

Napa County Transportation and Planning Agency PROJECT UPDATE

The following is a brief description with photos for the Vine Trail – Oak Knoll Section project listing activities performed from 9/7/15 – 9/14/15

- ✦ The project contractor, worked on traffic control for the ongoing work at the Solano Avenue Drycreek Bridge and the large eucalyptus tree removal north of Carrell Drive.
- ✦ NCTPA visited the Carrell Drive residents going door to door to speak with them personally and advise of the upcoming Solano Avenue road closures. Napa County is also actively publishing information to keep residents aware of operations that will affect normal access.
- ✦ The Solano Avenue Drycreek Bridge work proceeded on the west side. Demolition work was completed and preparations continued for the placement of the new concrete guard rail.
- ✦ Work started at the Wine Country culvert, K-rail was installed along with road safety modifications.

Construction start at Wine Country culvert
