EXECUTIVE SUMMARY

TRANSIT STATISTICAL DATA REPORT

This report represents a 12-month rolling snap shot of transit ridership and performance data (Attachment 1), with the financial data to be updated quarterly.

VINE ROUTE 20 LIMITED

The Route 20 limited service was fully implemented on July 5, 2011 which included the route starting at Redwood PRL and ending at Napa County Airport. Previously Route 20 operated between Soscol & Pueblo to the Airport. We know that IASCO flight students are using the service daily to travel to the Napa County Airport, but "On and Off" counts indicate that other riders are boarding at Soscol & Lincoln and the VINE Transit Center. Staff is monitoring Route 20's progress and will update TAC.

	May 2011	JUNE 2011	JULY 2011
PASSENGER TRIPS	247	1247	999
TRIPS P/DAY	11.8	56.7	50.0
TRIPS P/ REV HOURS	26.4	17.8	14.7
TRIPS P/REV MILES	4.5	1.1	.99

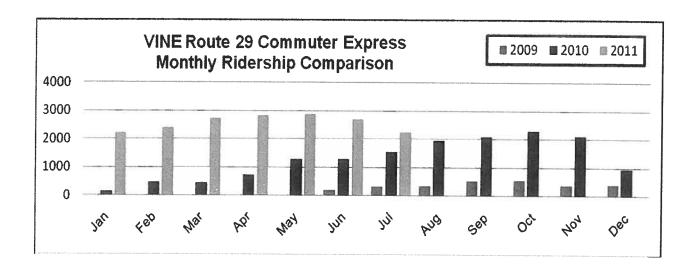

NAPA SHUTTLE

As of July 5, 2011 the Napa Shuttle now operates on Tuesdays, Wednesdays and Thursdays from 9:00 a.m. to 3:00 p.m. (2 extra hours per day). Riders may call as early as 8:00 a.m. to schedule a same day trip or roundtrip. There is no limit as to trips that may be taken or trip purpose. The only restriction is that the service area is limited to Napa city limits.

- 149 Passenger Trips in July
 - o 12.4 Trips per Day
 - 13.5 Trips per Tuesday
 - o 8.5 Trips per Wednesday
 - 12.6 Trips per Thursday
- 7 Lift Assists, 4.7% of total Trips
- 2.7% No-Shows of total Trips (4)
- 2.7% Cancels of total Trips (4)
- 47.7% Passes Used of total Trips (71)

ROUTE 29 EXPRESS SERVICE

Effective July 5, 2011 the new VINE Route 29 monthly pass is available for trips to/from the El Cerrito Del Norte BART station, as well, the pass is good for unlimited trips on all VINE transit services with the exception of VINE Go. The monthly pass is sold for \$118 and is good for one month from implementation. Those traveling to/from the Vallejo Ferry Terminal may continue to pay the \$2 per one-way fare or use the regular VINE monthly pass.

MAINTENANCE UPDATE

The first of four new small gasoline powered VINE buses was delivered and will shortly be put into service in Napa. The ARBOC is a 21 passenger, low floor bus with a ramp style lift. Ideally the ARBOC's will operate on routes with lower ridership. Smaller buses on lower capacity routes are a win-win to 'right size' buses with service demand.

Over the course of calendar year 2011, the Maintenance Director and staff will attend numerous in-house and specialized training to remain up-to-date with vehicle maintenance best practices, technology and new vehicle component systems. Training includes, but not limited to, the following topics: 1) Brakes & S-Cam; 2) HVAC; 3) Luminator (overhead and side destination signage); 4) Twin Vision (overhead and side destination signage); 5) Electrical, general and advanced; 6) Allison Transmission; and 7) Ricon and Braun lifts. Local Veolia mechanics receive up to 40+ hours of training annually. Kenny Schwarzbach, Veolia's Maintenance Manager, received a specialized Certificate for attending a California Air Resources Board (CARB) course on *Diesel Exhaust After-treatment Devices*. The VINE fleet operates diesel vehicles that meet all current PMI and NOx emissions standards.

Recently VINE bus #112 had the rear bumper repainted, and the VINE Go fleet is under-going the re-installation of new VINE Go logo decals. VINE bus #131 was retrofit with a new transmission. New Flyer buses have been equipped with GPS devices to track the engine and to monitor engine alert codes. The New Flyer buses continue to experience periodic shut-downs and finding the fix has evaded staff. This monitoring system will allow New Flyer techs the opportunity to receive feedback to analyze conditions and resolve the shut-down issues.

The Bus Stop Technician services on average 400 bus stops monthly. This includes trash pickup, removal of decals or graffiti, paint touch up as needed, weeding, sweeping the area, and other general housekeeping. The VINE Transit Center was spruced up with a fresh coat of paint on the Customer Service building, benches and bay structures.

FINANCIAL IMPACT

Is there a Fiscal Impact? No.
