Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Napa Valley Transportation Authority (NVTVA), as of and for the years ended June 30, 2016 and 2015, and the related notes to the financial statements, which collectively comprise the NVTVA's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to NVTVA's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of NVTVA's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of NVTA as of June 30, 2016 and 2015, and the respective changes in financial position and, where applicable, cash flows thereof for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As described in Note 1 to the financial statements, in 2016, NVTA adopted new accounting guidance, Governmental Accounting Standards Board (GASB) Statement No. 72, *Fair Value Measurement and Application*, and GASB Statement No. 76, *Hierarchy of Generally Accepted Accounting Principles for State and Local Governments*. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, schedule of funding progress for the other post-employment benefits (OPEB) plan, schedule of the NVTA's proportionate share of the net pension liability, and schedule of contributions as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by GASB, which considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise NVTA's basic financial statements. The combining statement of fiduciary net position; combining statement of changes in fiduciary net position; and statement of revenues, expenses, and changes in fund net position – enterprise fund – transit related by operation are presented for purposes of additional analysis and are not a required part of the financial statements.

The combining statement of fiduciary net position; combining statement of changes in fiduciary net position; and statement of revenues, expenses, and changes in fund net position – enterprise fund – transit related by operation are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining statement of fiduciary net position; combining statement of changes in fiduciary net position; and statement of revenues, expenses, and changes in fund net position – enterprise fund – transit related by operation are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 19, 2016, on our consideration of the NVTAs internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering NVTAs internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

**NAPA VALLEY TRANSPORTATION AUTHORITY
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEARS ENDED JUNE 30, 2016 AND 2015**

This section of the Napa Valley Transportation Authority's (NVTA) annual financial report presents our discussion and analysis of NVTA's financial performance during the years that ended on June 30, 2016 and 2015. It should be read in conjunction with the basic financial statements contained in the independent auditor's report.

NVTA serves as the countywide transportation planning agency for the incorporated and unincorporated areas within Napa County and is responsible for programming State and Federal funding for transportation projects within the County. NVTA is responsible for coordinating short and long term planning and funding within an intermodal policy framework including highways, streets and roads, transit and paratransit, bicycle and pedestrian network improvements. NVTA also provides fixed route and on-demand transit services in Napa County including Napa Vine, American Canyon Transit, Calistoga Shuttle, Yountville Trolley, St. Helena Shuttle, and Vine Go paratransit services.

NVTA was established on September 3, 1991 as the county's congestion management agency, under a joint exercise of power. The joint powers agreement was updated in May 1998 to provide public transportation services in Napa County. The NVTA Board of Directors adopted a name change from the Napa County Transportation and Planning Agency to the new name at their February 17, 2016 meeting. The Authority is considered a primary government since it has a separate governing body, is legally separate, and is fiscally independent of other state and local governments. NVTA is not subject to income tax.

Financial Highlights

- At the close of the fiscal year 2015-2016, total assets and deferred outflows of resources of NVTA exceeded liabilities and deferred inflows of resources of NVTA by \$29,656,779. Of this amount, \$27,125,251 is the net investment in capital assets. The remaining \$2,531,528 represents unrestricted Net Position.
- As of June 30, 2016, NVTA's governmental fund reported an ending fund balance of \$668,184 or 7% of total governmental fund expenditures.
- Capital contributions in the form of grants from the Federal and State governments increased from \$1,431,363 in fiscal year 2014-2015 to \$7,167,164 in fiscal year 2015-2016 and were used to purchase nine (9) fixed route buses and transit related equipment.
- NVTA finalized the design and engineering elements of the Oak Knoll segment of the 47-mile mixed use Vine Trail pedestrian and bike path. Once completed, this portion of the path will connect Redwood Road in Napa through Napa County to California Drive in Yountville. Construction will begin in August 2015 with completion expected by Fall 2016.
- NVTA continues to improve operation performance, compliance, and accountability during fiscal year 2015-2016 by making investments in professional management, fiscal controls, and accounting.

Overview of the Financial Statements

This annual report consists of three parts – management's discussion and analysis (this section), the basic financial statements, and required supplementary information. The basic financial statements include two kinds of statements that present different views of NVTA's financial position and activity.

- The first two statements are *government-wide* financial statements that provide both *long-term* and *short-term* information about NVTA's overall financial status.
- The remaining statements are *fund* financial statements that focus on individual parts of NVTA's organization. These statements report NVTA's financial position and activity.

The annual report also includes notes that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of *required supplementary information* that includes budgetary comparison information for NVTA's governmental fund.

Government-Wide Financial Statements

The government-wide financial statements report information about NVTA as a whole using accounting methods similar to those used by private-sector companies. The Statement of Net Position includes all of NVTA's assets and liabilities, deferred outflows of resources and inflows of resources, and long-term obligations. All of the current year's revenues and expenses are accounted for in the Statement of Activities regardless of when cash is received or paid.

The two government-wide financial statements report NVTA's Net Position and how it has changed. Net Position – the difference between NVTA's assets and liabilities – is one way to measure NVTA's financial health, or position. Over time, increases or decreases in NVTA's Net Position are indicators of whether its financial health is improving or deteriorating, respectively.

Fund Financial Statements

The fund financial statements provide a detailed short-term view and do not include information related to NVTA's long-term liabilities. Additional information is provided on separate schedules that reconcile the differences between the government-wide financial statements and the fund financial statements.

Financial Analysis of NVTA

Net Position

The governmental activities Net Position decreased by \$102,100 due to expenditures in excess of revenues. The business-type activities Net Position increased \$4,285,435. The result is an overall increase in Net Position of \$4,183,335 or 16%.

Governmental Activities

NVTA's governmental activities financial reports capture the financial information for NVTA's administration, transportation planning, coordinating of transportation, and land use in the region and programming of regional funding activities.

Governmental activity expenses increased from \$3,129,188 in fiscal year 2014-2015 to \$9,721,891 in fiscal year 2015-2016.

Governmental activities are supported by a variety of funding sources which include:

- Federal Highway Administration (FHWA) Funds
- Federal Transit Administration (FTA) Funds
- State Programming, Planning and Monitoring (PPM) Funds
- Transportation Development Act (TDA) Funds
- Local Support from Member Agencies
- Various Special and One-Time Grants

Napa Valley Vine Trail Oak Knoll Project

The Napa Valley Vine Trail (Vine Trail) is a proposed 47-mile multi-use paved trail which will extend from the City of Calistoga to the Vallejo Ferry Terminal. The Vine Trail route incorporates several existing paved pathways in the cities of Calistoga, Napa, American Canyon, Vallejo and the Town of Yountville. When complete, it will involve land controlled by twelve separate public agencies, including the County of Napa.

NVTA is the lead agency responsible for construction of the Oak Knoll segment of the Vine Trail - a 6.1 mile long path from Redwood Road in the City of Napa to the Yountville Park and Ride in the town of Yountville. Previously, the Authority was only engaged in the design and engineering aspects of the trail. The project marks a change in capacity of the Authority from administration and coordination of projects to delivery. Revenues recognized for this special project during the fiscal year were \$7,061,609 and expenditures incurred were \$7,204,571.

The Metropolitan Transportation Commission (MTC) provides NVTA with FHWA funds to support regional transportation planning and programming and to support the coordination of transportation and land use activities throughout the Napa County. In fiscal year 2015-2016, the level of this funding was \$699,000.

TDA funds derive from ¼ cent of the local sales tax collected. TDA funds are used to support transit planning, administration and the Paratransit Coordinating Council. TDA funds which are not spent within the year they are drawn must either be returned to the Napa County Local Transportation Fund (LTF (trust account for TDA)) or designated as advances for a specific project. Funds returned to the LTF become available to NVTA again in the fiscal year following their return. The LTF is not a fund under the control of the NVTA; it is administered by the MTC through the Napa County Auditor-Controller.

Local funds which are provided by the member agencies are unrestricted and may be placed in Net Position balance if not used in the fiscal year they are collected. Currently, the NVTA has a Net Position balance of \$668,184 which is held in reserve for future regional planning projects or necessary administrative costs.

Business-Type Activities

NVTA's Business-Type Activities encompass the financial reports for public transit services provided by NVTA including the Vine (fixed route transit), Vine Go (complimentary Americans with Disabilities Act (ADA) required paratransit service), American Canyon Transit (fixed deviated transit), the Yountville Trolley (fixed deviated transit), the St. Helena Shuttle (fixed deviated transit), the Calistoga Shuttle (dial-a-ride transit), and the Taxi Scrip program.

Business-type activity expenses decreased slightly from \$11,672,743 in fiscal year 2014-2015 to \$11,547,760 in fiscal year 2015-2016 which is an overall decrease of 1.1%. The growth is accounted for by increases in operating expenses offset by general planning and administration costs.

Transit operating expenses are supported by a variety of funding sources which include:

- Transportation Development Act (TDA) funds
- Federal Transit Administration (FTA) funds
- Fare revenues collected
- Various grants and contributions

Any TDA operating revenue received which is not spent on transit operations is returned to the LTF as described in the Governmental Activities section. As a result, there is no fund balance or reserve set aside for transit operations.

BUDGETARY HIGHLIGHTS

NVTA adopts an annual operating budget that includes proposed expenditures and the means of financing them. NVTA's budget is adopted by the Board of Directors (the Board) before June 30th of each year. Subsequent increases or decreases to the original budget must be approved by the Board. Page 48 provides a budget to actual comparison of the Governmental Fund.

For NVTA's Governmental Fund, the budget for revenues was \$10,093,850 and for expenditures was \$10,293,850. When comparing actual expenditures and revenue to the final budget, NVTA was within budget.

CAPITAL ASSETS

The governmental activities financial statements include capital assets of \$58,898 and unrestricted Net Position of \$609,286. Capital assets in total are composed of one vehicle dedicated for agency use and office furniture located at NVTA's administrative offices at the Soscol Gateway Transit Center.

The business-type activities financial statements include capital assets of \$27,066,353 and unrestricted Net Position of \$1,922,242. Capital assets in total are predominantly made up of buses and other transit related equipment as well as the Soscol Gateway Transit Center facility. Unrestricted Net Position primarily represents the dollar amount to maintain the Vine fleet.

Major additions during the year included purchases of three (3) paratransit vehicles and equipment necessary to support transit operations.

For additional information on the NVTA's capital assets and capital asset activity, please refer to Note 4 in the notes to the financial statements.

DEBT ADMINISTRATION

As of June 30, 2016, NVTA had debt of \$2,682,535, and recorded long-term obligations for compensated absences in the amount of \$58,573. For additional information on the NVTA's debt activity, please refer to Note 5 in the notes to the financial statements.

CONTACTING NVTA

This financial report is designed to provide citizens, taxpayers, investors, and creditors with a general overview of NVTA's finances and to demonstrate NVTA's accountability for the money it receives. For questions about this report or any additional information needed, contact the NVTA's administrative office at 625 Burnell Street, Napa, California 94559-3420.

**NAPA VALLEY TRANSPORTATION AUTHORITY
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEARS ENDED JUNE 30, 2016 AND 2015**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

Napa Valley Transportation Authority (NVTA), formerly known as the Napa County Congestion Management Agency and Napa County Planning and Transportation Agency, was formed on September 3, 1991, under a Joint Powers Agreement to provide coordinated, continuous, and comprehensive transportation planning for the County of Napa (the County) and the cities of the County. NVTA consists of six member agencies with the voting power of each in parenthesis: the Cities of American Canyon (4), Calistoga (2), Napa (10), and St. Helena (2); the Town of Yountville (2); and the County (4).

The work program for the activities of the NVTA is defined by the Board of Directors (the Board) made up of elected officials from the respective member agencies and a member of the Paratransit Coordinating Council (PCC). The PCC member is ex-officio and does not have a vote.

The NVTA was formed to serve as the countywide transportation planning body for the incorporated and unincorporated areas of the County. NVTA is charged with coordinating short and long-term planning and funding within an intermodal policy framework in the areas of highways, streets and roads, transit and paratransit, and bicycle path improvements.

NVTA's Joint Powers Agreement was amended effective January 1, 2001, to facilitate the consolidation of transit planning and to allow transfer of Transportation Development Act (TDA) funds directly to NVTA as claimant for transit use to the extent allowed by TDA regulations. The amendment enables NVTA to claim all TDA funds under Articles 4, 4.5, and/or 8 of Chapter 4 of the Public Utilities Code apportioned within the County by the Metropolitan Transportation Commission. NVTA is authorized to claim all apportionments to transit services on behalf of the jurisdictions of the County. In January 2007, the agreement was amended further to change NVTA's name from Napa County Congestion Management Agency to Napa County Transportation and Planning Agency. In February 2016, the name was changed to the Napa Valley Transportation Authority.

Beginning July 1, 2001, NVTA began administering all transit-related activities on behalf of the Cities of Calistoga, Napa, and St. Helena; the Town of Yountville; and the County. Effective July 1, 2006, NVTA assumed direct management of American Canyon Transit.

B. Basis of Presentation

The financial statements of the NVTA are prepared in accordance with accounting principles generally accepted in the United States of America.

Government-Wide Financial Statements

The Statement of Net Position and Statement of Activities display information about the primary government (NVTA). These statements include the financial activities of the overall government, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities. These statements distinguish between the *governmental* and *business-type* activities of the NVTA. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees charged to external parties.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Basis of Presentation (Continued)

Government-Wide Financial Statements (Continued)

The Statement of Activities demonstrates the degree to which the program expenses of a given function are offset by program revenues. Program expenses include direct expenses, which are clearly identifiable with a specific function, and allocated indirect expenses. Program revenues include 1) charges paid by the recipients of goods or services offered by the programs and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including taxes and unrestricted interest earnings, are presented instead as general revenues.

When both restricted and unrestricted Net Position are available, restricted resources for the purpose intended are used first then unrestricted resources as they are needed.

Fund Financial Statements

The fund financial statements provide information about NVTA's funds, including fiduciary funds. Separate statements for each fund category – *governmental*, *proprietary*, and *fiduciary* – are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are separately aggregated and reported as nonmajor funds. For the year ended June 30, 2016, NVTA did not have any nonmajor funds.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Proprietary fund *operating* revenues result from exchange transactions. Exchange transactions are those in which each party receives and gives up essentially equal values. Operating revenues generally result from charges to passengers for public transit services. Operating expenses include the cost of transit service, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting the definition of operating revenues and expenses are reported as nonoperating.

NVTA reports the following major governmental fund:

Planning Fund is used as the general fund for NVTA and all planning and administrative activities are accounted for in this fund.

NVTA reports the following major enterprise fund:

Transit Fund is used to account for the revenues and expenses necessary to provide public transit services. Transit operations include the Vine, Vine Go, American Canyon Transit, the Yountville Trolley, the St. Helena Shuttle, the Calistoga Shuttle, and the Taxi Scrip program.

NVTA reports the following additional fund types:

Private Purpose Trust Funds account for assets, primarily cash and investments, held by NVTA in a trustee capacity for other governmental agencies. NVTA is responsible for the administration of two private purpose trust funds. They are used to account for activities of the Abandoned Vehicle Abatement Authority trust fund and the Bay Area Air Quality Management trust fund.

C. Basis of Accounting

The government-wide, proprietary, and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place.

Nonexchange transactions, in which NVTA gives (or receives) value without directly receiving (or giving) equal value in exchange, include grants, entitlements, and donations. Revenues from grants, entitlements, and donations are recognized in the fiscal year in which all eligibility requirements have been satisfied.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Basis of Accounting (Continued)

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. Interest; state, federal, and local grants; and charges for services are accrued when their receipt occurs within one year after the end of the accounting period so as to be measurable and available. Expenditures are generally recorded when a liability is incurred, as under accrual accounting.

D. Cash and Investments

NVTA maintains nearly all of its cash and investments with the County Treasurer in a cash and investment pool. A small independent bank account is used to pay some employee benefits. On a quarterly basis, the County Treasurer allocates interest to investment pool participants based upon their average daily balances. For purposes of the accompanying Statement of Cash Flows, the enterprise fund considers all highly liquid investments with a maturity of three months or less when purchased, and its equity in the County Treasurer's investment pool, to be cash equivalents. The fair value of investments is obtained by using quotations obtained from independent published sources.

Required disclosure information regarding the categorization of investments and other deposit and investment risk disclosures can be found in the County's financial statements. The County's financial statements may be obtained by contacting the County's Auditor-Controller's office at 1195 Third Street, Room B-10, Napa, California 94559. The County Treasury Oversight Committee oversees the Treasurer's investments and policies.

E. Receivables

NVTA's receivables are mostly related to grants and vehicle registration fees. Management has determined NVTA's receivables to be fully collectable. Accordingly, no allowance for doubtful accounts has been made.

F. Inventories

On August 31, 2009, NVTA's multiyear agreement (the Agreement) with the purchased transportation contractor (the Contractor) provided the Contractor with an initial inventory of equipment, tools, and other property to be used to provide services. The Contractor shall be responsible for returning to NVTA, at the termination of the Agreement, property and equipment of equivalent type and value (as of date acquired) and conditions as that identified in the updated initial inventory list, subject to normal wear and tear.

During the last month of the Agreement, NVTA shall conduct a final inventory. The Contractor will be responsible for either replacing property or equipment determined from the inventory list to be missing, damaged, or otherwise unavailable for use, or in a condition that is in excess of ordinary wear and tear or compensating NVTA for its replacement value. These parts are not included in the Agreement with the Contractor. Farebox inventory parts will be tracked separately.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

G. Capital Assets

Capital assets are recorded at historical cost or estimated historical cost if actual historical cost is not available. Contributed capital assets are valued at their estimated fair market value on the date contributed. NVTA defines capital assets as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Capital assets used in operations are depreciated using the straight-line method over their estimated useful lives in the government-wide statements and proprietary funds.

The estimated useful lives are as follows:

Structures	20 years
Vehicles	1-12 years
Equipment	1-5 years

NVTA has acquired certain assets with funding provided by federal assistance from various grant programs. NVTA holds title to these assets; however, the federal government retains an interest in these assets should the assets no longer be used for transit purposes.

H. Compensated Absences

NVTA has adopted Governmental Accounting Standards Board (GASB) Statement No. 16, *Accounting for Compensated Absences*. The earned vacation payable upon termination is reported at the current balance of the liability, and may be accumulated up to a maximum of 600 hours by personnel.

I. Interfund Transactions

Interfund transactions are reflected either as loans, services provided, reimbursements, or transfers. Loans are reported as receivables and payables as appropriate, are subject to elimination upon consolidation, and are referred to as either “due to/from other funds” (i.e., the current portion of interfund loans) or “advances to/from other funds” (i.e., the noncurrent portion of interfund loans). Any residual balances outstanding between the governmental activities and the business-type activities are reported in the government-wide financial statements as “internal balances.” Advances between funds, as reported in the fund financial statements, are offset by a fund balance reserve account in applicable governmental funds to indicate that they are not available for appropriation and are not available financial resources.

Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund, and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental or proprietary funds are netted as part of the reconciliation to the government-wide presentation.

J. Advances

Advances arise when resources are received by NVTA before it has a legal claim to them, e.g., when grant monies are received prior to the incurrence of qualifying expenses. In subsequent periods, when both revenue recognition criteria are met, or when NVTA has a legal claim to the resources, the liability is removed from the Balance Sheet and revenue is recognized.

K. Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amount of revenue and expenditures/expenses during the reporting period. Actual results could differ from these estimates.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

L. Reclassifications

Certain amounts in the prior year financial statements have been reclassified for comparative purposes to conform with the presentation in the current year financial statements.

M. Net Position

The government-wide financial statements utilize a net position presentation. Net position is categorized as net investment in capital assets, restricted, and unrestricted.

Net Investment in Capital Assets – This amount consists of capital assets net of accumulated depreciation and reduced by outstanding debt that is attributed to the acquisition, construction, or improvement of the asset.

Restricted Net Position – This amount is restricted by external creditors, grantors, contributors, or laws or regulations of other governments, of which NVTA has none.

Unrestricted Net Position – This amount is all net position that does not meet the definition of “net investment in capital assets” or “restricted net position.”

N. Fund Balance

In the fund financial statements, governmental funds report fund balance as nonspendable, restricted, committed, assigned, or unassigned based primarily on the extent to which NVTA is bound to honor constraints on how specific amounts can be spent.

- *Nonspendable fund balance* – amounts that cannot be spent because they are either (a) not spendable in form or (b) legally or contractually required to be maintained intact.
- *Restricted fund balance* – amounts with constraints placed on their use that are either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.
- *Committed fund balance* – amounts that can only be used for specific purposes determined by formal action of NVTA’s highest level of decision-making authority (the Board) and that remain binding unless removed in the same manner. Committed fund balance does not lapse at year-end. The formal action must occur prior to the end of the reporting period. However, the amount which will be subject to the constraint may be determined in the subsequent period. The formal action required to commit fund balance shall be Board resolution.
- *Assigned fund balance* – amounts that are constrained by NVTA’s *intent* to be used for specific purposes. The intent can be established at either the highest level of decision-making authority, or by a body or an official designated for that purpose. The Board delegated authority to assign fund balance for a specific purpose to the Manager of Finance.
- *Unassigned fund balance* – the residual classification for NVTA’s Planning Fund that includes amounts not contained in the other classifications. In other funds, the unassigned classification is used only if expenditures incurred for specific purposes exceed the amounts restricted, committed, or assigned to those purposes.

When both restricted and unrestricted resources are available for use, it is NVTA’s policy to use restricted resources first, followed by the unrestricted committed, assigned, and unassigned resources as they are needed.

Minimum Fund Balance Policy:

NVTA has adopted a minimum fund balance policy. Planning fund cash reserves should be at a minimum of \$500,000 per fiscal year. The proprietary cash reserve should be at least 25% of non-restricted funds of the current fiscal year operating budget.

O. New Accounting Pronouncements – Implemented

GASB Statement No. 72 – *Fair Value Measurement and Application*. The provisions of this statement are effective for financial statements for reporting periods beginning after June 15, 2015. The provisions of this statement were applied in these financial statements. Refer to Note 2 for a complete description.

GASB Statement No. 76 – *Hierarchy of Generally Accepted Accounting Principles for State and Local Governments*. The provisions of this statement are effective for fiscal years beginning after June 15, 2015. There was no effect on NVTA's accounting or financial reporting as a result of implementing this standard.

P. Future GASB Statements

GASB Statement No. 73 – *Accounting and Financial Reporting for Pensions and Related Assets that are not within the Scope of GASB Statement No. 68, and Amendments to Certain Provisions of GASB Statements No. 67 and No. 68*. The provisions of this statement are effective for fiscal years beginning after June 15, 2015 – except those provisions that address employers and governmental nonemployer contributing entities for pensions that are not within the scope of GASB Statement No. 68, which are effective for fiscal years beginning after June 15, 2016. NVTA has not fully judged the effect of the implementation of GASB Statement No. 73 as of the date of the basic financial statements.

GASB Statement No. 74 – *Financial Reporting for Postemployment Benefits Other than Pension Plans*. The provisions of this statement are effective for fiscal years beginning after June 15, 2016. NVTA has not fully judged the effect of the implementation of GASB Statement No. 74 as of the date of the basic financial statements.

GASB Statement No. 75 – *Accounting and Financial Reporting for Postemployment Benefits Other than Pension Plans*. The provisions of this statement are effective for fiscal years beginning after June 15, 2017. NVTA has not fully judged the effect of the implementation of GASB Statement No. 75 as of the date of the basic financial statements.

GASB Statement No. 77 – *Tax Abatement Disclosures*. The requirements of this statement are effective for reporting periods beginning after December 15, 2015. NVTA has not fully judged the effect of the implementation of GASB Statement No. 77 as of the date of the basic financial statements.

GASB Statement No. 78 – *Pensions Provided through Certain Multiple-Employer Defined Benefit Pension Plans*. The requirements of this statement are effective for fiscal years beginning after December 15, 2015. NVTA has not fully judged the effect of the implementation of GASB Statement No. 78 as of the date of the basic financial statements.

GASB Statement No. 79 – *Certain External Investment Pools and Pool Participants*. The requirements of this statement are effective for reporting periods beginning after June 15, 2015, except for the provisions in paragraphs 18, 19, 23-26, and 40, which are effective for reporting periods beginning after December 15, 2015. Earlier application is encouraged. NVTA has not fully judged the effect of the implementation of GASB Statement No. 79 as of the date of the basic financial statements.

GASB Statement No. 80 – *Blending Requirements for Certain Component Units – an amendment of GASB Statement No. 14*. The requirements of this statement are effective for reporting periods beginning after June 30, 2016. Earlier application is encouraged. NVTA has not fully judged the effect of the implementation of GASB Statement No. 80 as of the date of the basic financial statements.

GASB Statement No. 81 – *Irrevocable Split-Interest Agreements*. The requirements of this statement are effective for reporting periods beginning after December 15, 2016. Earlier application is encouraged. NVTA has not fully judged the effect of the implementation of GASB Statement No. 81 as of the date of the basic financial statements.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

P. Future GASB Statements (Continued)

GASB Statement No. 82 – *Pension Issues – an amendment of GASB Statements No. 67, No. 68, and No. 73.* The requirements of this statement are effective for reporting periods beginning after June 15, 2016, except for the requirements of paragraph 7 in a circumstance in which an employer's pension liability is measured as of a date other than the employer's most recent fiscal year-end. In that circumstance, the requirements of paragraph 7 are effective for that employer in the first reporting period in which the measurement date of the pension liability is on or after June 15, 2017. Earlier application is encouraged. NVTA has not fully judged the effect of the implementation of GASB Statement No. 82 as of the date of the basic financial statements.

Q. Pensions

For purposes of measuring the net pension liability, deferred outflows/inflows of resources related to pension, and pension expense, information about the fiduciary net position of the NVTA's California Public Employees' Retirement System (CalPERS) plan (Plan) and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as reported by CalPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

R. Deferred Outflows/Inflows of Resources

In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position or fund balance that applies to a future period(s) and thus, will not be recognized as an outflow of resources (expense/expenditure) until then. The NVTA has only one item that qualifies for reporting in this category. It is for pension contributions made after the measurement date. GASB Statement No. 68 does not allow the cash payments made to the Plan after the measurement date to have any effect on either the net pension liability or the pension expense that is reflected in these financial statements.

In addition to liabilities, the Statement of Net Position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position or fund balance that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The NVTA has only one item, which arises as a result of the implementation of GASB Statement No. 68. Deferred inflows of resources are recorded for the net difference between projected and actual earnings on pension plan investments and adjustments due to differences in proportions.

NOTE 2 – CASH AND INVESTMENTS IN COUNTY TREASURY/IMPREST CASH

General

NVTA has adopted GASB Statement No. 31 which requires investments of governmental agencies to be reported at fair value. However, investment pools, such as a state or county treasury, may report the value of short-term investments with remaining maturities of less than 90 days at amortized cost. The majority of the County Treasury investments have a remaining maturity of less than 90 days. In addition, GASB Statement No. 31 does not apply to immaterial cost/value differences.

NVTA has adopted GASB Statement No. 40, *Deposit and Investment Risk Disclosures*. GASB Statement No. 40 requires governmental entities to assess categories of risk associated with their deposits and disclose these risks.

NOTE 2 – CASH AND INVESTMENTS IN COUNTY TREASURY/IMPREST CASH (Continued)General (Continued)

Cash and investments consisted of the following at June 30, 2016 and 2015:

	June 30, 2016			
	Governmental Activities	Business-Type Activities	Government-Wide Totals	Fiduciary Funds
Cash on Hand and in Banks	\$ 2,682	17,918	\$ 20,600	\$ -

	<u>\$ 501,346</u>	<u>\$ 2,628,478</u>	<u>\$ 3,129,824</u>	<u>\$ 526,168</u>

All deposits are fully collateralized in accordance with Section 53652 of the California Government Code. The California Government Code requires California banks and savings and loan associations to secure NVTA's deposits by pledging government securities as collateral.

The market value of pledged securities must equal at least 110% of NVTA's deposits. California law also allows financial institutions to secure NVTA's deposits by pledging first trust deed mortgage notes having a value of 150% of NVTA's total deposits.

Collateral is held by the pledging financial institution's trust department and is considered held in NVTA's name. NVTA may waive collateral requirements for deposits that are fully insured up to \$250,000 by federal depository insurance. NVTA has \$250,000 that is covered by federal depository insurance as of June 30, 2016.

NVTA had no deposit or investment policy that addressed a specific type of risk. Required disclosures for NVTA's deposit and investment risks held in the County's investment pool at June 30, 2016, were as follows:

Credit risk

State law and the County's Investment Policy limit investments in commercial paper to the rating of A1 by Standards & Poor's or P-1 by Moody's Investor Service. State law and the County's Investment Policy also limit investments in corporate bonds to the rating of A by Standard & Poor's and Moody's Investor Service. NVTA establishes its credit limits based on the County's Investment Policy.

Custodial risk

For investments and deposits held with fiscal agents, custodial credit risk is the risk that, in the event of the failure of the counterparty, NVTA will not be able to recover the value of its investments or deposits that are in the possession of an outside party. At year-end, NVTA's funds in the County's investment pool and cash with fiscal agents had no securities exposed to custodial credit risk.

NOTE 2 – CASH AND INVESTMENTS IN COUNTY TREASURY/IMPREST CASH (Continued)

General (Continued)

Concentration of credit risk

At June 30, 2016, in accordance with State law and the County’s Investment Policy, NVTA did not have 5% or more of its net investment in commercial paper, corporate bonds, or medium-term notes of a single organization, nor did it have 10% or more of its net investment in any one money market mutual fund within the County’s Investment Pool. Investments in obligations of the U.S. government, U.S. government agencies, or government-sponsored enterprises are exempt from these limitations.

Interest rate risk

The County manages NVTA’s exposure to declines in fair values by limiting the weighted average maturity of its investment portfolio to five years or less in accordance with the County’s Investment Policy.

Investments held in the County’s investment pool are available on demand and are stated at cost plus accrued interest, which approximates fair value.

Investment in the County Investment Pool

NVTA maintains all of its cash and investments with the County Treasurer in a cash and investment pool. NVTA is considered to be an involuntary participant in the external investment pool. On a quarterly basis, the County Treasurer allocates interest to investment pool participants based upon their average daily balances. For purposes of the accompanying Statement of Cash Flows, the enterprise fund considers all highly liquid investments with a maturity of three months or less when purchased, and its equity in the County Treasurer’s investment pool, to be cash equivalents. The fair value of investments is obtained by using quotations obtained from independent published sources.

The table below identifies the **investment types** that are authorized for NVTA by the California Government Code (or the County’s Investment Policy, where more restrictive). The table also identifies certain provisions of the California Government Code (or the County’s Investment Policy, where more restrictive) that address **interest rate risk**, **credit risk**, and **concentration of credit risk**.

NOTE 2 – CASH AND INVESTMENTS IN COUNTY TREASURY/IMPREST CASH (Continued)General (Continued)Fair Value Measurements

NVTA categorizes its fair value measurements within the fair value hierarchy established by accounting principles generally accepted in the United States of America. These principles recognize a three-tiered fair value hierarchy, as follows:

- Level 1: Investments reflect prices quoted in active markets;
- Level 2: Investments reflect prices that are based on a similar observable asset either directly or indirectly, which may include inputs in markets that are not considered to be active; and
- Level 3: Investments reflect prices based upon unobservable sources.

Investments in the County investment pool totaling \$2,367,992 and \$3,125,448 as of June 30, 2016 and 2015, respectively, are measured at amortized cost, which approximates fair value.

NOTE 3 – DUE FROM OTHER GOVERNMENT AGENCIES

NOTE 6 – DUE TO OTHER GOVERNMENT AGENCIES**Business-Type Activities – Due to LTF**

TDA funds are apportioned, allocated, and disbursed in accordance with allocation instructions from the Metropolitan Transportation Commission (MTC) for specific transportation purposes. The LTF allocates monies to the transit system to support operations. The TDA, which governs the use of these funds, requires that any funds not used must be returned to their sources. LTF allocations are considered earned when they are properly spent for operations by the transit system.

It is the current practice of NVTA to have excess revenue returned to the funding agency. NVTA had excess revenues of \$2,699,378 and \$1,253,960 at June 30, 2016 and 2015, respectively. Money returned to LTF will be reallocated for future capital purchases or operating assistance.

Allocations received but not earned were recorded as Due to Other Government Agencies as follows:

NOTE 7 – PUBLIC TRANSPORTATION MODERNIZATION, IMPROVEMENT, AND SERVICE ENHANCEMENT ACCOUNT (PTMISEA)

In November 2006, California voters passed a bond measure enacting the Highway Safety, Traffic Reduction, Air Quality, and Port Security Bond Act of 2006. Of the \$19.925 billion of State general obligation bonds authorized, \$4 billion was set aside by the State as instructed by the statute as the Public Transportation Modernization, Improvement, and Service Enhancement Account (PTMISEA). These funds are available to the California Department of Transportation for intercity rail projects and to transit operators in California for rehabilitation, safety, or modernization improvements; capital service enhancements or expansions; new capital projects; bus rapid transit improvements; or for rolling stock procurement, rehabilitation, or replacement.

NOTE 7 – PUBLIC TRANSPORTATION MODERNIZATION, IMPROVEMENT, AND SERVICE ENHANCEMENT ACCOUNT (PTMISEA) (Continued)

As of June 30, 2016 and 2015, PTMISEA funds received and expended were verified in the course of our audit as follows:

	<u>2016</u>	<u>2015</u>
Balance - Beginning of Year	\$ 1,012,401	\$ 438,875
Receipts:		
Receipts Deposited	-	796,147

Balance - End of Year	<u>\$ -</u>	<u>\$ 1,012,401</u>

NOTE 8 – ADVANCES

Advances associated with multi-year projects, capital projects, and operating grants were reported in the following fund at June 30, 2016 and 2015, as follows:

	<u>2016</u>	<u>2015</u>
Proprietary Fund		
Proposition 1B - Capital Funds	\$ -	\$ 1,012,401
Other Advances	-	223,210
Total Advances - Proprietary Fund	<u>\$ -</u>	<u>\$ 1,235,611</u>

In 2015, NVTA received grants from various sources. At June 30, 2015, eligibility requirements for recognizing the revenue had not been met. Therefore, the unexpended balance was deferred to 2016.

NOTE 9 – AGREEMENTS AND COMMITMENTS

Bay Area Air Quality Management District Agreement

The NVTA entered into an agreement with the Bay Area Air Quality Management District (the District) to implement specified measures to improve air quality in the County. The funding for this agreement comes from Assembly Bill (AB) 434 allowing the District to levy a surcharge on motor vehicle registration fees. Quarterly, the District must transfer 40% of the surcharge, less management fees and audit costs, to the NVTA, as the selected Program Manager. However, the agreement may be terminated at any time by either party and there are no assurances of annual renewal. As program manager, NVTA allocates 5% of these funds to itself to administer the program.

Abandoned Vehicle Abatement Program

The California legislature has enacted legislation to allow local governments to assess a fee on vehicle registration for the purpose of aiding local governments in the recovery of costs associated with the disposition of abandoned vehicles. The NVTA is the designated service authority to manage and distribute abandoned vehicle fees to participating jurisdictions within the County. These fees are collected by NVTA and distributed to the jurisdictions based on reimbursement requests submitted to the service authority. The current program has sunset on May 31, 2016, and remaining funds will be distributed to the jurisdictions until all funding has been exhausted.

NOTE 9 – AGREEMENTS AND COMMITMENTS (Continued)

Metropolitan Transportation Commission

The NVTA received a federal highway administration planning grant from the MTC. The purpose of the grant was to implement congestion planning and programming activities for the County and its surrounding cities. Amounts received or receivable from the MTC are subject to audit and adjustment by the MTC. Any disallowed claims including amounts already collected, may constitute a liability of the NVTA. The amount, if any, of expenditures which may be disallowed by MTC cannot be determined at this time although the NVTA expects such amounts, if any, to be immaterial.

NOTE 10 – PENSION PLAN

A. General Information about the Pension Plan

Plan Description – All qualified permanent and probationary employees are eligible to participate in the NVTA’s Cost-Sharing Multiple-Employer Defined Benefit Pension Plan (Plan) administered by the California Public Employees’ Retirement System (CalPERS). The Plan consists of individual rate plans (benefit tiers) within a miscellaneous risk pool. Plan assets may be used to pay benefits for any employer rate plan of the risk pool. Accordingly, rate plans within the pools are not separate plans under GASB Statement No. 68. Individual employers may sponsor more than one rate plan in the miscellaneous pool. NVTA sponsors three rate plans. Benefit provisions under the Plan are established by State statute and NVTA resolution. CalPERS issues publicly available reports that include a full description of the pension plan regarding benefit provisions, assumptions, and membership information that can be found on the CalPERS website.

Benefits Provided – CalPERS provides service retirement and disability benefits, annual cost of living adjustments, and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of full time employment. Classic members (Tier 1) with five years of total service are eligible to retire at age 55 with statutorily reduced benefits (2.5%@Age 55). Members hired after May 21, 2011, (Tier 2) with five years of total service are eligible to retire at age 60 with statutorily reduced benefits (2%@Age 60). The California Public Employees’ Pension Reform Act (PEPRA) established a separate tier for members hired after January 1, 2013. PEPRA Members with five years of total service are eligible to retire at age 62 with statutorily reduced benefits (2% at age 62). All members are eligible for non-duty disability benefits after 5 years of service. The cost of living adjustments for the Plan are applied as specified by the California Public Employees’ Retirement Law.

The rate plan provisions and benefits in effect at June 30, 2016 and 2015, are summarized as follows:

Hire Date	Prior to May 21, 2011 (Tier I)	On or after May 21, 2011 (Tier II)	On or after January 1, 2013 (PEPRA)
Benefit Formula	2.5%@55	2%@60	2%@62
Benefit Vesting Schedule	5 Years Service	5 Years Service	5 Years Service
Benefit Payments	Monthly for life	Monthly for life	Monthly for life
Retirement Age	55	60	62
Monthly Benefits, as a Percentage of Eligible Compensation	2.5%	2%	2%
Required Employee Contribution Rates	8.000%	7.000%	6.250%
Required Employer Contribution Rates	9.067%	6.709%	6.237%

NOTE 10 – PENSION PLAN (Continued)

A. General Information about the Pension Plan (Continued)

Contributions – Section 20814(c) of the California Public Employees’ Retirement Law requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. The total plan contributions are determined through the CalPERS’ annual actuarial valuation process. NVTA’s actuarially determined rate is based on the estimated amount necessary to pay the Plan’s allocated share of the risk pools’ costs of benefits earned by employees during the year, and any unfunded accrued liability. NVTA is required to contribute the difference between the actuarially determined rate and the contribution rate of employees. The NVTA’s contributions to the Plan for the years ended June 30, 2016 and 2015, were \$91,990 and \$130,432, respectively.

B. Pension Liabilities, Pension Expenses, and Deferred Outflows/Inflows of Resources Related to Pensions

As of June 30, 2016 and 2015, the NVTA reported a net pension liability for its proportionate share of the net pension liability of the Plan in the amount of \$214,127, and \$191,920, respectively.

The NVTA’s net pension liability for the Plan is measured as the proportionate share of the net pension liability. The net pension liability of the Plan is measured as of June 30, 2015 and 2014, and the total pension liability for the Plan used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2014 and 2013, rolled forward to June 30, 2015 and 2014, using standard update procedures. The NVTA’s proportion of the net pension liability was based on a projection of the NVTA’s long-term share of contributions to the Plan relative to the projected contributions of all participating employers, actuarially determined. The NVTA’s proportionate share of the net pension liability for the Plan as of June 30, 2014 and 2015, was as follows:

Proportion - June 30, 2014	0.007765%
Proportion - June 30, 2015	<u>0.007805%</u>
Change - Increase (Decrease)	<u><u>0.000040%</u></u>

For the years ended June 30, 2016 and 2015, the NVTA recognized pension expense/(income) of \$(67,033) and \$74,343. At June 30, 2016, the NVTA reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

2016	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between Actual and Expected Experience	\$ 7,754	\$ -
Changes in Assumptions	-	73,356
Net Differences between Projected and Actual Earnings on Plan Investments	-	36,774

Pension Contributions Subsequent to Measurement Date	<u>130,432</u>	<u>-</u>
Total	<u>\$ 130,432</u>	<u>\$ 119,264</u>

\$337,737 and \$130,432 reported as deferred outflows of resources related to contributions subsequent to the measurement date during the years ended June 30, 2016 and 2015, respectively, will be recognized as a reduction of the net pension liability in the year ended June 30, 2017 and 2016. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized as pension expense as follows:

<u>Year Ended June 30</u>	
2017	\$ 14,080
2018	17,993
2019	21,329
2020	47,006

Actuarial Assumptions – The total pension liabilities in the June 30, 2014 and 2013 actuarial valuations were determined using the following actuarial assumptions:

Valuation Date	June 30, 2014	June 30, 2013
Measurement Date	June 30, 2015	June 30, 2014
Actuarial Cost Method	Entry Age Normal	Entry Age Normal
Actuarial Assumptions:		
Discount Rate	7.65%	7.50%
Inflation	2.75%	2.75%
Payroll Growth	3.00%	3.00%
Projected Salary Increase	Varies ⁽¹⁾	Varies ⁽¹⁾
Investment Rate of Return	7.65% ⁽²⁾	7.50% ⁽²⁾
Mortality	CalPERS ⁽³⁾	CalPERS ⁽³⁾

⁽¹⁾ Depending on age, service, and type of employment.

⁽²⁾ Net of pension plan investment expenses, including inflation.

⁽³⁾ The mortality table used was developed based on CalPERS' specific data. The table includes 20 years of mortality improvements using Society of Actuaries Scale BB. For more details on this table, please refer to the 2014 experience study report.

The underlying mortality assumptions and all other actuarial assumptions used in the June 30, 2014 and 2013 valuations were based on the results of a January 2014 actuarial experience study for the period 1997 to 2011. Further details of the Experience Study can found on the CalPERS website.

Discount Rate – The discount rate used to measure the total pension liability was 7.65% for the Plan for the year ended June 30, 2015. To determine whether the municipal bond rate should be used in the calculation of a discount rate for the Plan, CalPERS stress tested plans that would most likely result in a discount rate that would be different from the actuarially assumed discount rate. Based on the testing, none of the tested plans run out of assets. Therefore, the current 7.65% discount rate is applied to all plans in the Public Employees Retirement Fund (PERF). The stress test results are presented in a detailed report called "GASB Crossover Testing Report" that can be obtained from the CalPERS' website under the GASB 68 section.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Using historical returns of all the funds' asset classes, expected compound returns were calculated over the short-term (first 10 years) and the long-term (11-60 years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above and rounded down to the nearest one quarter of one percent.

The tables below reflect the long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation. C. Payable to the Pension Plan

At June 30, 2016 and 2015, the NVTA had no outstanding amounts for contributions to the Plan required for the years then ended.

NOTE 11 – POST-EMPLOYMENT BENEFITS OTHER THAN PENSIONS

In addition to the pension benefits described on the previous pages, NVTA provides postretirement healthcare benefits to all employees meeting certain selected criteria. Employees on the payroll as of June 30, 2016 and 2015, who retire from the NVTA with 3 years of NVTA service and 25 years of CalPERS service will receive 1.3 times the Public Employees' Medical and Hospital Care Act (PEMHCA) minimum dollar amounts who retire from NVTA at or after age 50.

The GASB issued Statement No. 43, *Financial Reporting for Post-Employment Benefit Plans Other than Pension Plans*, and Statement No. 45, *Accounting and Financial Reporting by Employers for Post-Employment Benefits*. The basic premise of the statement is that Other Post-Employment Benefits (OPEB) are earned by employees and should be recognized by the employer as the employee provides services. GASB Statement No. 45 requires employers to account for and report the annual cost of OPEB and the outstanding obligations and commitments related to them in the same manner as they currently do for pensions. NVTA implemented the provisions of GASB Statement No. 45 in the fiscal year beginning July 1, 2009, on a one-year retroactive basis.

For the GASB Statement No. 45 actuarial valuation dated June 30, 2013, NVTA chose a new allocation strategy. In March 2011, CalPERS board approved changes to the California Employers' Retiree Benefit Trust (CERBT) to allow a choice between three different asset allocations strategies with different equity vs. fixed income and base the prescribed discount rate on the asset allocation. NVTA chose Option 3, a 6.39% discount limit based upon the 50th percentile return.

In accordance with GASB Statement No. 43, CalPERS issues a publicly available financial report that includes financial statements and required supplementary information for the plan. That annual financial report may be obtained by writing to the NVTA's Finance Department at 625 Burnell Street, Napa, California 94559.

NOTE 11 – POST-EMPLOYMENT BENEFITS OTHER THAN PENSIONS (Continued)

Plan Description: NVTA participates in the CERBT, a trust established by Chapter 331 of the 1988 Statutes and initially funded in 2007. The purpose of the trust is to receive contributions from participating employers and establish separate employer prefunding accounts to pay for healthcare post-employment benefits. The CERBT is an agent multiple-employer plan as defined in GASB Statement No. 43 and is administered by the CalPERS. The Plan has one retiree receiving benefits and a total of 12 active participants, all of which are not currently eligible to receive benefits.

The following is a description of the current retiree benefit plan:

Benefit Types Provided	Medical only
Duration of Benefits	Lifetime
Required Service	CalPERS retirement and 5 years NVTA
Minimum Age	50
Dependent Coverage	Family eligible
NVTA Contribution %	Up to 100%
NVTA Cap Highest	1.3 times PEMCHA minimum dollar amounts

Annual OPEB Cost and Net OPEB Obligation: NVTA's annual OPEB cost (expense) is calculated based on the annual required contribution (ARC) of the employer, an amount actuarially determined in accordance with the parameters of GASB Statement No. 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover the normal cost each year and amortize any unfunded actuarial liabilities (of funding excess) over a period not to exceed thirty years. For fiscal years 2014-2015 and 2015-2016, the net OPEB obligation (asset) was determined as follows:

	2016	2015
Annual required contribution	\$ 30,000	\$ 40,000
Contributions made	<u>(30,000)</u>	<u>(40,000)</u>
Change in net OPEB obligation	-	-
Net OPEB asset, beginning of year	-	-
Net OPEB asset, end of year	<u>\$ -</u>	<u>\$ -</u>

Year Ended	Annual OPEB Cost	Actual Employer Contribution	Percentage Contributed	Net OPEB Obligation (Asset)
6/30/2016	\$ 30,000	\$ 30,000	100%	\$ -
6/30/2015	\$ 40,000	\$ 40,000	100%	\$ -
6/30/2014	\$ 39,000	\$ 39,000	100%	\$ -

NOTE 11 – POST-EMPLOYMENT BENEFITS OTHER THAN PENSIONS (Continued)

Funded Status and Funding Progress: The funded status of the plan as of June 30, 2016, was as follows:

Actuarial Valuation Date	Actuarial Value of Assets (a)	Actuarial Accrued Liability (AAL) Entry Age (b)	Unfunded AAL (UAAL) (b - a)	Funded Ratio (a/b)	Covered Payroll (c)	UAAL as a Percentage of Covered Payroll [(b - a)/c]
June 30, 2015	\$ 206,000	\$ 161,000	\$ (45,000)	128.0%	\$ 1,065,000	-4.2%
June 30, 2013	\$ 109,000	\$ 218,000	\$ 109,000	50.0%	\$ 1,031,000	10.6%
June 30, 2011	\$ 77,000	\$ 78,000	\$ 1,000	98.7%	\$ 993,000	0.1%

NVTA's ARC is based on the pre-funding method. For fiscal year 2015-2016, NVTA contributed \$30,000 to the plan.

As of June 30, 2015, the most recent actuarial valuation date, the actuarial accrued liability for benefits was \$161,000, and the actuarial value of assets was \$206,000 resulting in an unfunded actuarial accrued liability of \$45,000. The covered payroll (annual payroll of active employees covered) was \$1,065,000.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the ARC of NVTA are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information that shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

Actuarial Methods and Assumptions: Actuarial valuations for an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Actuarially determined amounts are subject to continuous revision as actual results are compared to past expectations and new estimates are made about the future. Although the valuation results are based on values NVTA's actuarial consultant believes are reasonable assumptions, the valuation result is only an estimate of what future costs may actually be and reflect a long-term perspective.

Deviations in any of several factors, such as future interest rate discounts, medical cost inflation, Medicare coverage risk, and changes in marital status, could result in actual costs being greater or less than estimated.

In the actuarial valuation for the plan as of June 30, 2015, the entry age normal cost method was used. The allocation of OPEB cost is based on years of service. NVTA used the level percentage of payroll method to allocate OPEB cost over years of service. Entry age is based on the average age at hire for eligible employees. The attribution period is determined as the difference between the average retirement age and the average age at hire. The present value of future benefits and present value of future normal costs are determined on an employee by employee basis and then aggregated. To the extent that different benefit formulas apply to different employees of the same class, the normal cost is based on the benefit plan applicable to the most recently hired employees (including future hires if a new benefit formula has been agreed to and communicated to employees).

The actuarial assumptions included a 6.25% discount rate (net of administrative expenses), which is based on an assumed long-term return on plan assets and 100% funding through the CalPERS CERBT program, and an annual healthcare cost trend rate of 4.5% including a 3% inflation assumption. The actuarial value of assets were determined using fair value (as provided by CalPERS). The UAAL will be amortized as a level percentage of projected payroll assuming a 3.25% increase per year and no increases in staff or merit increases. The remaining amortization period is 29 years.

Funding Policy: The contribution requirements of plan members and NVTA are established and may be amended by the NVTA Board. These contributions are neither mandated nor guaranteed. NVTA has retained the right to unilaterally modify its payment for retiree healthcare benefits.

NOTE 12 – EMPLOYEE BENEFITS – DEFERRED COMPENSATION PLAN

Employees of NVTA may participate in a deferred compensation plan adopted under the provisions of the Internal Revenue Code (IRC) Section 457 (Deferred Compensation Plans with Respect to Service for State and Local Governments).

The deferred compensation plan is available to all employees of NVTA. Under the plan, employees may elect to defer a portion of their salaries and avoid paying taxes on the deferred portion until the withdrawal date. The deferred compensation amount is not available for withdrawal by employees until termination, retirement, death, or unforeseeable emergency.

The deferred compensation plan is administered by an unrelated financial institution through CalPERS. Under the terms of the IRC Section 457 deferred compensation plan, all deferred compensation and income attributable to the investment of the deferred compensation amounts held by the financial institution, until paid or made available to the employees or beneficiaries, are the property of the employee.

NOTE 13 – INSURANCE AND RISK OF LOSS

NVTA is exposed to various risks of loss related to torts, theft or damage to and destruction of assets, errors and omissions, injuries to employees, and natural disasters. NVTA maintains various insurance policies for directors and officers, property and liability, commercial liability, and workers compensation against potential risk of loss through private insurance carriers. NVTA secures vehicular and liability coverage for business-type activities of up to \$5,000,000 per incident through its purchased transportation contractor.

NOTE 14 – RELATED PARTY TRANSACTIONS

County personnel provide administration services to NVTA. The County also provides legal counsel. During the fiscal years ended June 30, 2016 and 2015, NVTA paid to the County, a related party, the following amounts:

	<u>2016</u>	<u>2015</u>
Accounting and Legal Services	\$ 36,079	\$ 37,219
Other Services and Supplies	<u>122,360</u>	<u>105,600</u>
Total Related Party Transactions	<u>\$ 158,439</u>	<u>\$ 142,819</u>

NOTE 15 – FAREBOX RATIO

Article 4

Article 4 transit operations include Vine and American Canyon Transit. As agreed to by MTC, the combined farebox ratio requirement is 15%. The farebox ratio for the years ended June 30, 2016 and 2015, was 19.36% and 14.74%, respectively, as follows:

	June 30, 2016		
	Total		
<u>Article 4</u>	<u>Article 4</u>	<u>VINE</u>	<u>ACT</u>

Farebox Ratio	<u>14.74%</u>		

Farebox revenue and operating cost used for farebox ratio calculation will not agree to the Statement of Revenues, Expenses, and Changes in Fund Net Position for the Proprietary Fund (see page 15). The sales of non-federal assets are eligible as farebox revenues. Supplies not directly used for transit have been removed from operating costs.

Recent changes to the Transportation Development Act statutes allow for the inclusion of local funds to calculate statutory farebox ratio. California Public Utilities Code (PUC) Section 99268.19 states that: "If fare revenues are insufficient to meet the applicable ratio of fare revenues to operating cost required by this article, an operator may satisfy that requirement by supplementing its fare revenues with local funds. As used in this section, "local funds" means any nonfederal or nonstate grant funds or other revenues generated by, earned by, or distributed to an operator."

For the fiscal year ended June 30, 2016, NVTA was in compliance with the minimum farebox ratio of 15% for Article 4 transit operations. For the fiscal year ended June 30, 2015, NVTA was not in compliance with the minimum farebox ratio required of 15% for Article 4 transit operations.

Without the use of local funds to meet statutory requirements, operation farebox for the fiscal year ended June 30, 2016, would be 13.23%.

NOTE 15 – FAREBOX RATIO (Continued)

Article 8

Article 8 transit operations include Vine Go, Calistoga Shuttle, St. Helena Shuttle, Yountville Trolley, and the Taxi Scrip program. TDA Section 6633.2 requires NVTa to meet a 10% farebox revenue to total operating expenses ratio. The farebox revenue ratio for the years ended June 30, 2016 and 2015, for Article 8 transit operations was 11.35% and 11.08%, respectively, as follows:

	June 30, 2016		
<u>Article 8</u>	<u>Total Article 8 Services</u>	<u>Taxi Scrip and VINE GO</u>	<u>Calistoga, Yountville, and St. Helena</u>
Farebox Subject to Farebox Ratio	\$ 253,490	\$ 114,700	\$ 138,790
Operating Cost, Net of Depreciation and Insurance	\$ 2,233,148	\$ 1,280,645	\$ 952,503
Farebox Ratio	<u>11.35%</u>		
	June 30, 2015		
<u>Article 4</u>	<u>Total Article 8 Services</u>	<u>Taxi Scrip and VINE GO</u>	<u>Calistoga, Yountville, and St. Helena</u>
Farebox Subject to Farebox Ratio	\$ 245,981	\$ 107,386	\$ 138,595
Operating Cost, Net of Depreciation and Insurance	\$ 2,219,676	\$ 1,278,703	\$ 940,973
Farebox Ratio	<u>11.08%</u>		

For the fiscal years ended June 30, 2016 and 2015, NVTa was in compliance with the minimum farebox ratio required for Article 8 transit operations.

NOTE 16 – EXCESS OF EXPENDITURES OVER APPROPRIATIONS

For the years ended June 30, 2016 and 2015, expenditures exceeded appropriations in the Planning Fund as follows:

<u>Appropriations Category</u>		<u>Excess Expenditures</u>	
		<u>2016</u>	<u>2015</u>
Planning Fund:	Communications	\$ 1,589	\$ 6,673
	Office Expense	1,048	-
	Transportation	6,150	4,262
	Miscellaneous Expense	-	53,630

NOTE 17 – LINE OF CREDIT

To meet the cash flow needs of the Vine Trail project and business-type activities, NVTA entered into a \$5 million revolving credit facility with a local bank. Details of the short term promissory note are as follows:

Date of promissory note: March 28, 2016

Amount: \$5,000,000

Unpaid principal balance as of June 30, 2016: \$2,682,535

Maturity date: August 15, 2017

Interest rate: Variable - based on Prime Rate, 3.5% as of June 30, 2016, on any unpaid balance

Date to which interest has been paid: June 30, 2016

Of the \$2,682,535 outstanding line of credit at June 30, 2016, \$1,682,535 and \$1,000,000 were reported under Governmental Activities and Business-Type Activities, respectively, on the Statement of Net Position.

NOTE 18 – SUBSEQUENT EVENTS

Subsequent events have been evaluated through December 19, 2016, which is the date the financial statements were available to be issued. There were no subsequent events identified by management which would require disclosure in the financial statements.

BUDGETS AND BUDGETARY ACCOUNTING

Formal budgetary accounting is employed as a management control by Napa Valley Transportation Authority (NVTA). An annual budget is adopted each fiscal year by the Board of Directors (the Board). The accounting method used to prepare the budget is consistent with accounting principles generally accepted in the United States of America. All changes or amendments to the budget require prior approval of the Board. Unused appropriations lapse at the end of the fiscal year.

* Fiscal year 2015 was the 1st year of implementation; therefore, only two years are shown.

Notes to Schedule:

Benefit changes. The figures above do not include any liability impact that may have resulted from plan changes which occurred after June 30, 2014, as they have minimal cost impact. This applies for voluntary benefit changes as well as any offers of Two Years Additional Service Credit (a.k.a Golden Handshakes).

Changes in assumptions. GASB Statement No. 68, paragraph 68 states that the long-term expected rate of return should be determined net of pension plan investment expenses but without reduction for pension plan administrative expenses. The discount rate of 7.50 percent used for the June 30, 2014 measurement date was net of administrative expenses. The discount rate of 7.65 percent used for the June 30, 2015 measurement date is without reduction of pension plan administrative expenses.

To the Honorable Members
of the Board of Directors
Napa Valley Transportation Authority
Napa, California

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the Napa Valley Transportation Authority (NVTA) as of and for the year ended June 30, 2016, and have issued our report thereon dated December 19, 2016.

Compliance

As part of obtaining reasonable assurance about whether the NVTA's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. Additionally, we performed tests to determine that allocations made and expenditures paid by NVTA were made in accordance with the allocation instructions and resolutions of the Metropolitan Transportation Commission and in conformance with the California Transportation Development Act. Specifically, we performed each of the specific tasks identified in the California Code of Regulations Sections 6666 and 6667 that are applicable to NVTA. Based on our procedures, no instances of noncompliance with applicable statutes, rules, and regulations of the Transportation Development Act and the allocation instructions and resolutions of the Metropolitan Transportation Commission were noted. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion.

Also as part of our audit, we performed tests of compliance to determine whether certain state funds were received and expended in accordance with the applicable bond act and state accounting requirements.

Other Matters

In November 2006, California voters passed a bond measure enacting the Highway Safety, Traffic Reduction, Air Quality, and Port Security Bond Act of 2006 (Proposition 1B). Of the \$19.925 billion of state general obligation bonds authorized, \$4 billion was set aside by the State as instructed by statute as the Public Transportation Modernization, Improvement, and Service Enhancement Account (PTMISEA). These funds are available to the California Department of Transportation

for intercity rail projects and to transit operators in California for rehabilitation, safety, or modernization improvements; capital service enhancements or expansions; new capital projects; bus rapid transit improvements; or for rolling stock procurement, rehabilitation, or replacement.

During the fiscal year ended June 30, 2016, NVTA received \$2,447 from the State's PTMISEA funds. As of June 30, 2016, PTMISEA interest received and funds expended were verified in the course of our audit as follows:

**Schedule of PTMISEA Proposition 1B Grants
For the Year Ended June 30, 2016**

	2016
Balance - beginning of the year	\$ 1,012,401
Receipts:	
Deposits	-
Interest accrued 7/1/2015 through 6/30/2016	2,447
Expenses:	
Transit Capital	(1,014,848)
Balance - end of year	\$ -

The results of our tests indicated that, with respect to the items tested, NVTA complied, in all material respects, with the provisions referred to in the preceding paragraph. With respect to items not tested, nothing came to our attention that caused us to believe that NVTA had not complied, in all material respects, with those provisions.

Purpose of this Report

The purpose of this report is solely to describe the scope of our internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of NVTA's internal control or on compliance. Accordingly, this report is not suitable for any other purpose.

This report is intended solely for the information and use of management, the Board of Directors, the California Department of Transportation, and the State Controller's Office, and officials of applicable grantor agencies. However, this report is a matter of public record and its distribution is not limited.
